Dear Sir:

On August 20, 2004, Applicant submitted an Amendment to which was attached, inter alia, the Declaration of James A. Satchell, Jr.

Applicant, in reviewing the status information publically available on the Internet through the public PAIR system, discovered that the PTO did not include pages 7 and 8, presenting paragraphs 26 (in part) - 37, in the Image File Wrapper (IFW).

Applicant therefore resubmits his entire declaration, pages 1-10 (without attachments) so that the Examiner has a complete copy when he again takes up the application for examination on the merits.

Additionally, as Applicant has repeatedly attempted to contact Examiner Garland by telephone without success in order to arrange a Personal Interview, Applicant expressly requests the Patent Office consider this communication as a Request for Personal Interview.

Respectfully submitted,
